Gyro Stand

GYRO STAND è un supporto da pavimento con funzione di rotazione dello schermo, progettato per soddisfare le ultime esigenze in ambito di sale riunioni.

Grazie alla funzione di rotazione di 90°, lo schermo può essere posizionato in modalità verticale o orizzontale ed è compatibile con i migliori e più diffusi display touch sul mercato, oltre ad essere certificato per la nuova serie SAMSUNG FLIP 2 da 55"e 65".

GYRO STAND rende qualsiasi spazio più flessibile, dalle piccole sale riunioni alle sale conferenze ed anche gli uffici privati. Il design perfetto e curato e la scelta del colore bianco o nero consentono il posizionamento del supporto sia in ambienti tradizionali che in uffici dal design moderno.

GYRO STAND is a floor stand with screen rotation function, designed to meet the latest needs for meeting and collaboration rooms.

Thanks to the possibility of 90° rotation, the screen can be positioned in landscape or portrait mode; it is compatible with the best and most popular touch displays on the market, as well as being certified for the new 55" and 65" SAMSUNG FLIP 2 series.

GYRO STAND makes any space more flexible, from small meeting rooms to conference rooms and even private offices. The perfect and refined design and the choice of the white or black colour allow the support to be positioned both in traditional environments and in modern design offices.

CERTIFIED SAMSUNG FLIP-2
