Key **Features**

Ultra HD Resolution | Built-in Multi-Core Media Player with 16GB Storage | Embedded LAN and Optional Wireless Connectivity | ViewBoard® Cast Content Sharing Software | Free Bundled vController™ Software

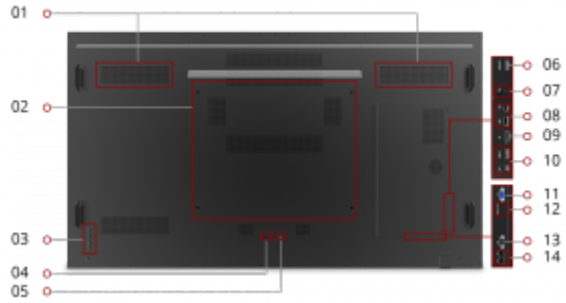

Product **Description**

The ViewSonic® CDE9800 is a 98" (97.5" viewable) 4K Ultra HD commercial display purpose-built to deliver eye-catching imagery for hotels, restaurants, retail, business, and more. With stunning 3840x2160 resolution, 500-nit typical high brightness, wide viewing angles, and dual 16W speakers, this display provides immersive, high-impact messaging wherever needed. In addition to HDMI, DVI, and VGA inputs to connect with various high definition devices, this display utilizes an integrated multi-core processor and 16GB of internal memory, allowing customers to playback multimedia content via USB without the need for a PC. To make life even easier, the bundled vController software offers easy maintenance and intuitive interfaces for remote management via a PC server or laptop, and its flicker-free and blue light filter technologies help provide a comfortable viewing environment.
